

Olympic **BirdFest** 2026

Sponsor Opportunities

Festival Dates: April 16–19, 2026

About the festival

Olympic BirdFest is a four-day birding festival featuring field trips, workshops, and classes for birders and nature enthusiasts of all skill levels. The event is hosted by the Dungeness River Nature Center in partnership with the Olympic Peninsula Audubon Society and the Jamestown S’Klallam Tribe, and highlights the natural and cultural richness of the North Olympic Peninsula. Each year, BirdFest welcomes up to 500 participants, with strong participation from the local community alongside visitors from outside the area. Many attendees return year after year, supporting local businesses while experiencing the region’s extraordinary birdlife and landscapes.

Why Sponsor?

Olympic BirdFest is the Dungeness River Nature Center’s largest annual fundraiser, directly supporting hands-on environmental education programs that inspire the next generation of bird lovers and environmental stewards. As a sponsor, you become a visible part of a growing legacy that connects people to nature and fosters lifelong learning.
